Email Address: _____

Instructions

- 1) Before your hike, fill out the "Citizen Scientist Information" and "Before the hike".
- 2) When you start your hike, record your GPS coordinates and starting time in the first row in the table below.
- 3) Every 10 min, record in a new row your: GPS location, X's for the signs observed, and confidence in those observations.
- 4) At any point you observe bear sign, record it on a new row.
- 5) At the bottom, provide any comments you may have (weather, dark/sunny, description of bear sign- on tree/ log, etc).
- 6) When you finish your hike, fill out "After the hike".
- 7) When complete, either submit online at nyebear.org OR mail this to 302 Fernow Hall, Cornell University, Ithaca NY 1485

Data	Time of Day	Location		What bear sign did you see? (Select at least 1)					Sign Confidence? 1 (low) - 5 (hi)
		Latitude	Longitude	Bear	Hair	Tracks	Other (Specify)	None	
(Example)	1:35 PM	42.435135	-76.501266		X	X			3 ; 4
